## **Objective**

I am an extremely creative and hardworking individual with a history of work in customer service within the retail and food industry as well as in child care. My skills include fluency in conversational Spanish and literacy as well as a proficiency in the arts.

## **Education**

Marin Academy - High school Degree	2013 - 2017
Chapman University	2017-2021
• Previous Film Production Major, recently switched to Psychology Major. I plan on becoming a licensed therapist	
Relevant Coursework	2017 - Current
• Psychology, Spanish, Film Production	

## **Work Experience**

The Humane Society of the United States - Youth Program	2014
• I applied to and was accepted to participate in a youth program led by leaders at the Humane Society in order to educate myself about the caretaking/behavioral analysis of animals	
Fashion Institute of Design and Merchandising - Intensive Program	2015
• I applied to and participated in this program which allowed me to familiarize myself with the fashion industry as well as all other aspects of the creative process and advertisement	
Parkside Day Care, San Rafael, California - Child Care Assistant	2017
• I enjoyed working at Parkside, a day care as well as summer camp for children ages 3-13. My responsibilities ranged from surveillance/leading group activities to cleaning and food prep	
Babysitting	Current
• I've been a babysitter for a very long time; working for several families whom I am very close with/trust. I love working with kids, it comes naturally to me. My responsibilities have varied from driving to and from school/after-school activities, watching kids, staying with kids overnight, and caring for babies, etc.	
PacSun - Sales Assistant	2017
• Brief employment at Pacsun for Black Friday, this was a retail job which covered the basics of organization and customer service	
Wag! - Dog Walker	2017 - present
• I have became a Wag! dog walker at the beginning of my freshman year of college. I've always loved working with animals so it's been nice being able to get off campus getting paid to walk dogs. I enjoy this company because it functions on a first-come first-serve

basis so I work when it is convenient for me and have extra time on my hands. It allows for a flexible schedule and keeps me familiarized with working with animals

Rustic Bakery - Cashier/Barista/Food prep 2018

- I trained and worked at this food service company all summer as a cashier and barista. I was trained how to use a cash register as well as how to be a barista during my time at this job. I experienced a wide range of obstacles and challenges as I navigated this job. I left this job in order to return to college, and with me I have brought all the skills I learned there.

## **Volunteering and Extracurricular Activities**

California College of the Arts - Pre-college Program 2016

- I applied to and was accepted to participate in a month long intensive program where I resided in the dorms at CCA and focused on learning and developing all skills associated with film production

Venetia Valley Elementary School - Teacher's Assistant 2017

- I volunteered to be a teacher's assistant in a bilingual first grade classroom of English and Spanish-speaking students every day for 45 days. I developed useful connections with my coworkers and strong relationships with my students

## **Honors & Awards**

Marin Academy High School - Honors classes in history, English, Spanish and Science

California College of the Arts - Nomination to receive \$5000 scholarship

## **Other Skills**

- Art - Watercolor painting, gouache, crafting, drawing, dance (performed in multiple shows all throughout high school) music (piano, ukulele, vocals), acting (performed in 4 school productions), filmmaking (familiarity with applications: iMovie, Final Cut Pro and Adobe Premiere), creative writing, etc.
- Spanish - Fluent in conversational speech and literacy
- I love learning how to think and I enjoy teaching myself new things as well. I switched my major from film production to Psychology my freshman year of college because I realized I wanted to do something that would allow me to give back, such as becoming a therapist. I am generally a people person; I enjoy talking with/getting to know people as well as giving advice and learning about how the human brain works. Studying to become a therapist/social worker and possibly work around kids in a bilingual setting would seem to be the perfect type of occupation for me.
